Construction of a substantial and spacious Atmachattram at Agumbi, Tirthahalli Taluk at a cost of Rs 6854/-

LAST REFERENCE:—

Letter No. 456/23 dated 20th February 1904 from the Deputy Commissioner, Shimoga District.

The Deputy Commissioner, in submitting an Estimate amounting to Rs 1375 for repairing the old Govt Atmachattram at Agumbi, stated that the chattram was then in urgent need of repairs and if it were not repaired early it would undergo further deterioration, that there was at the credit of the chattram only Rs 5-4-8, that no savings could be effected by stopping the feeding of the travellers as it was frequented by pilgrims going to and from Udipi, Sringeri and other sacred places of pilgrimage and as it was the only convenient resorting place for them and requested that the cost of repairs might be met from the State Grant.

No 1053/50 d: 26.5.02.

2. He was replied that he might renew his application in the subsequent year as the State Grant had all been exhausted

No 2050/126-92 d: 11.6.02

The Dy Comr accordingly renewed his application No 22/1 dt: 4.7.02

1893 - 134-2--
1894 - 621-5-7
1897 - 436-- --

Total 1494-3-2

As nearly Rs 1500 had been spent in repairing the Chattram till then, No 116/126-92 dt: 15.7.02.
~~the late Dy Comr~~ Mr M. Shama Rao, B.A., then who was temporarily in charge of the Municipal work,
observed that, the marginally noted amount having been spent upon it, it was not known why the Estimate had been submitted for sanction and requested the Dy Comr to resubmit the Estimate after it had been duly checked by a D.P.W. officer

3. The Executive Engineer to whom the Estimate was sent for check and return forwarded a fresh Estimate for Rs 1537. The Dy Comr, having sent up the same for sanction, stated that the building was shewing visible signs of early collapse and it was likely to come down if it were not taken on hand before the monsoon thereby causing much inconvenience to the travelling public. No 947/26 dt: 16.5.03

4. The above Estimate for Rs 1537 was sanctioned Vide G.P. No 2408-F dt: 30.5.03 read F.126-92 placing only Rs 500 out of the State Grant for 1902-03 and stating that the balance would be met from the State Grant of 1903-04 on receipt of measurement bills for the sum of Rs 500 sanctd and requesting the Dy Comr not to allow the Grant to lapse but to draw and credit the same at once to the Chattram funds and to make due arrangements to work up the amount before the close of the official year

NC 456/23 d: 20.2.04

The Dy Comr now states that the work has not yet been commenced for want of contractors who refuse to take up the work on the ground that the rate allowed is low, that repairing the Chattram at an outlay of Rs 1537 is a mere waste of money as the Chattram is in a dilapidated condition at present (as seen by him in January at the time of Jamabandi) and as nearly 300 inches of rain falls at Agumbi every year that the raising of a new building on the site as per estimate submitted for Rs 6857 on the present crumbling building stands would accommodate a large number of pilgrims and would put a stop to frequent repairs, that the importance of the chattram at Agumbi and the necessity for a substantial building therefor at sufficient outlay is borne out by the opinion of Mr Purnaiya (the Excise Commissioner who visited the place in September '02, that the amount sanctioned in May '03 has been drawn and credited to the Chattram funds, that there is (now) all Rs 512-6-4 at the credit of the Chattram and requests that the balance of Rs 6341-10-4 may be sanctioned from the State Grant.

When there is actually a large building upon which considerable sums have been already spent, I do not see why it should be altogether

abandoned, and a new building con-
- structed at the heavy cost of
nearly 7000 Rs. This required personal
inspection by me, but before doing
so, please obtain the views of the
present Dy Comr (Mr M. S. Narayana Rao)
on the subject.

building and it is hopeless to think of keeping it in good condition by periodical repairs. The building is an old one and past all repair. Permission may therefore be given to sell the materials by public auction and a new building may be ordered to be constructed on the same site.

The estimated cost is about Rs 7000. There is now a sum of Rs 512-6-11 the credit of the Chapparam and the balance after deducting the amount realised by the sale of the present materials of the present dilapidated building may be sanctioned out of the State grant. There is an unspent balance of Rs 1500 in this year's grant This may be ordered to be credited to the Chapparam funds and from the next official year's provision of Rs 15000, about Rs 4500 will be required to make up the total cost of the new building. The Dy. Commr states, that detailed plans and estimates are under prepn in the O.P.W and in the meanwhile has moved for sanction to sell the materials. The Chapparam is now located in the Edapalayam Mosque premises.

Muzrai Secretary's Remarks.

The provision of a new Chattram building at Agumbi is a work of very great necessity, as it is the only alighting place for the large number of pilgrims proceeding to Udipi. The old Chattram having been found to be past repair, the materials thereof have been sold under the orders of Government, and the Chattram is, it is reported, held in the Gopalakrishnaswami temple at the place.

2. The estimate is for Rs 10,745/- and only Rs 840/- are available from the savings of the institution. The large balance of very nearly Rs 10,000/- has to be found by Government.

Only Rs 10,544-1-1 are now available out of the State Grant of Rs 15,000/-, and the greater part of the official year has yet to run. Further, out of this balance, a sum of Rs 3,500/- has been already promised in a Government Order for the repair of the temple at Mallur in the Chennapatna Taluk. The balance of Rs 7,000/- is barely sufficient for the many works of repair of ancient institutions which have to be executed during the current year, and my tours into the Districts are bringing to light many of such wants. Under these circumstances, I very respectfully beg that a special grant of Rs 10,000/- may be sanctioned for the construction of the buildings at Agumbi.

Sir,

I have the honour to forward herewith for the sanction of Government an estimate for Rs 1,375/- for repairing the Government Amma Chattram at Agrambi, Sirthalli Taluk. The Chattram building is now in urgent need of repairs and if they are not attended to early, it is feared that the building might undergo further deterioration

deterioration during the ensuing monsoon. The balance at the credit of this institution is but a trifle, only Rs 5.-.-8. The cost will therefore have to be met by stopping the feeding of travellers. But this is not an advisable step to take as it would cause serious inconvenience to the large number of travellers passing up and down the Ghat and going to and from Udipi, Sringeri and several other places. Agumbi is the only convenient resorting place for them all I accordingly request that the amount of the estimate may be kindly ordered to be met from the Salt grant of Rs 15,000, provided in the

From the correspondence read above, it is observed that the Chattram at Agumbe is now in urgent need of

of repairs, and that if the
repairs are not attended
to early, the building
is likely to come down.
It is reported by the
Dy Comr that the Chattram
has at its credit
only a sum of Rs 5-0-0,
that the feeding therein
could not be stopped
to accumulate funds
for meeting the cost
of the repairs, as such
a step would seriously
inconvenience the
travellers who frequent
Augumbi on their
way to Udipi, Singéri,
and several other
places, and the
Dy Comr therefore
proposes that the
cost

be met from the
State Grant.

2- Under the
circumstances represented,
the estimate for Rs 1537 is sanctioned,
but only a Sum
of Rs 500 out of the
State Grant for the
repairs of Murrai
buildings during the
current official year
will be immediately
placed at the disposal
of the Dy Comr, Shimoga
Distt. The balance of
the estimated cost
will be allotted at
the beginning of the
next official year
on receipt of measure-
ment bills for the

Sir

With reference to Government Proceedings No 2408-9 Mwz F. 126-92 dated 30th May 1900 sanctioning an estimate amounting to Rs 1537/- for repairing the Government Amaeluttrum at Agumbi, Sirthalli Taluk I have the honour to inform that the work has not been commenced as yet for want of Contractors to take it up They refuse to take up the contract on the ground that the rates provided in the estimate are low and the Executive Engineer has also said so in his No 966 dated 9th December 1903. While at Agumbe in January last on Jamabundi work, I saw the Cluttrum and was led from its present delapidated condition and from the fact of nearly 300 inches of rain falls at Agumbe every year, to think that it would be a waste of money to repair the Cluttrum at an outlay of Rs 1537/- now sanctioned.

I think, a strong substantial

2 should

should be newly built in the place of the present crumbling building to accommodate the large number of travellers and pilgrims going to Udipi and Sringeri throughout the year, if we should avoid spending money on frequent repairs.

2. That Agumbe is an important place and that the Chuttrum building should be made substantial at sufficient outlay is borne out by the opinion recorded by Mr. Purnaya, Excise Commissioner, on 14th September 1902 when he was at Agumbe.

4. In the above circumstances, I have ventured to enclose herein for kind sanction a plan and estimate amounting to Rs 6854-0-0 for constructing a substantial and spacious Amachuttrum there. This outlay incurred once for all, on a most useful building at Agumbi i.e. the charitable Amachuttrum, would in the long run prove more advantageous than spending a smaller amount on repairs.

5. The amount of Rs 5000-0-0 allotted in the above said Government Proceedings has been drawn and credited in the District Sales Treasury to Kuzroi surplus Fund of the Institution for June 1903.

6. As the balance available at the credit of the Chuttrum is only Rs 5/2-6-0.

the

the remaining amount of Rs 6311-10 is required sanctioned from the Under Grant of Rs 15000 as provided in the Budget for the construction and repairs of Irrigation buildings in the Province
